

# SPOTLIGHT *on Business Woman*

## Dr Anjana Bhana

Dr Anjana Bhana is a wife, mom and extremely hard-working and ambitious individual. Her passions are people, beauty and health. She grew up in Brackenhurst and still lives and works in the South.

She graduated from University in 2005, taking the SADA Medal for leadership (for her role as Dental Student Council President) as well as The Maxillo Facial Research award for her study on Rhinocerebral Mucomycosis in a Ketoacidotic diabetic. Socially and academically she excelled at University.

She also has a love for aesthetics that lead her to start learning and developing her skills in Aesthetic and Anti-aging Medicine. She constantly updates her knowledge with various courses, work shops and conferences as well as doing an Advanced Diploma in Aesthetic Medicine. Currently she is also a trainer for the Restylane range of Products. She has also recently completed a train the trainer masterclass with Dr Fredrik Berne, a world-renowned Swedish Plastic Surgeon. Besides the aesthetic practice, plans are

underway to set up a general dental practice. She always goes the extra mile for her patients and offers them a boutique, customized service.

Aesthetic Medicine is her passion and she takes every opportunity to study and grow her skills. The best is when besides having someone look better they feel better about themselves too. She has a keen interest in and anti-pigmentation treatments. At times it is challenging – studying, training, running her own practice and also doing state work as well as being a mom, wife, sister and daughter but determination, grit and hard work keep her going. Her family and the desire to do her best for them is her biggest motivation.

She built the practice up one patient at a time and is constantly expanding with treatments and product offerings.

She loves blogging (Lifestyle and Beauty) and social Media and over 4 years is developing her skills in this. She just wishes there were more hours in the day.
